Dear Friends at US Department of Agriculture,

I am writing to tell you that I support the proposal to change the WIC foods. I look forward to being able to provide fruits, vegetables and whole grain cereals for my family.

Additional Comments: *I support that idea along with milk, eggs, and maybe a portion of meat. It's important that children eat healthy younger so they will be a great growing adults.*

Thank you for reading my comments.

Additional Comments: I think is a very good idea. Wic  
always talks about healthy eating, but their  
not giving as much healthy foods. We only  
gets the farmers market check once  
a year, which is not enough.

Additional Comments: My daughter drinks the  
Silk brand soy milk. She prefers it better  
than the milk that comes with the WIC  
packets please include the soy milk in  
your new packets Thank you.

**Dear Friends at US Department of Agriculture,**

**Additional Comments:** I am happy with what the kids get on wic. My children eat lots of cheese & eat whole grain cereal soaked up in milk with small pieces of banana on top. They also eat a lot of mixed veggies & I buy lots of fruit for them - fresh & canned.

Additional Comments: I do think milk, ~~and~~ juices, and  
eggs should be kept the same. There are  
needed just as much as well
